| (1) | International Space University : sharing the vision : making it work / Institute for Space and Terrestrial Science. -- 0.14 m of textual records. -- 1 videocassette. -- File consists of a submission to a competition to establish a space university on the Keele campus. Documents discussing the technical and legal aspects of the bid are combined with promotional booklets by the Institute, York University, the University of Toronto, and the Government of Ontario, bound in a four-flap plastic envelope created specifically for the bid. Two artifacts are missing from the enclosure. | [1992] | |
