

S00316 - Teaching materials

Series Number: S00316

Series Title: Teaching materials

Dates: 1965-1978

Extent: 0.1 m of textual records

Scope and Content: Series consists of materials used in Gutsell's classes on cartography. These include lecture notes (handwritten and typed), examples of student work, course descriptions, syllabi, lab exercises and exam questions. Note that lecture notes were accompanied by slides that have since been destroyed.
