

S00317 - Cartographic Office

Series Number: S00317

Series Title: Cartographic Office

Dates: 1971-1977

Extent: 0.01 m of textual records

Scope and Content: Series consists of materials related to the physical set-up and staffing of the Cartographic Office located in the Geography Department. These include office specifications, job descriptions for staff, and copies of applications for some positions. Gutsell was the supervisor for these positions, some of which also handled administrative duties for Gutsell's journal, Cartographica.
