

S00423 - National Network on Environments and Women's Health files

**Series Number:** S00423

**Series Title:** National Network on Environments and Women's Health files

**Dates:** 1996-2004, predominant 2001-2003

**Extent:** 0.42 m of textual records  
29 computer disks ; 9 x 9 cm  
7 CD-Rs  
1 ZIP disk

**Scope and Content:** Series consists of records created and accumulated by Marilou McPhedran while executive coordinator of York University's National Network on Environments and Women's Health (NNEWH) from 2001 to 2003. The records in this series document McPhedran's participation in a number of NNEWH's initiatives, particularly the preparation of a report titled "Rural and remote women's health : research and policy directions" and the organization of conferences, focus groups and research pertaining to that project. Also included in this series are records pertaining to McPhedran's administrative work for NNEWH and her management of work plans, budgets, and personnel. Some of these records relate to McPhedran's departure from NNEWH in 2003. Files in this series include reports, pamphlets, journal articles, correspondence, financial statements, memoranda, minutes, work plans, agendas, newspaper clippings, conference materials, and presentation slides (paper version).

**Restrictions on Access and Use:** No restrictions on access.

**Arrangement:** Series is arranged in alphabetical order.
